**SUPERIOR AIR PARTS ANNOUNCES IT HAS EXTENDED THE  
FACTORY WARRANTY ON NEW MILLENNIUM CYLINDERS TO  
AN INDUSTRY-LEADING 37 MONTHS\***

*Superior has also extended the warranty on all of FAA PMA piece parts to 24 months\*. FAA-PMA Millennium Cylinders and piece parts shipped from Superior Air Parts, Inc. after January 01, 2018 are covered under the new warranty program.*

Oshkosh, WI (July 23, 2018) — Scott Hayes, VP, Sales and Marketing for Superior Air Parts, Inc., announced today that the company has increased the warranty on all factory-new Millennium Cylinders to an industry-leading 37 months\* or to TBO, whichever occurs first. It is also extending the warranty on all factory-new piece parts to 24 months\* or to TBO, whichever occurs first.

“In the 51 years since Superior was formed, we have made a long list of significant advancements in the engineering and production quality that goes into every part and component we make,” he said. “We decided that the best way to really demonstrate our commitment to providing the highest quality components is give our customers the best warranties in general aviation.”

“Our new 37 month or to TBO warranty on Superior Millennium Cylinders is 13 months longer than the longest warranty offered by either of our competitors,” Hayes said. “That alone should let aircraft owners know how confident we are that our cylinders will go the distance.”

Hayes said that the new 37/24\* month warranties apply to Millennium Cylinders and Superior FAA PMA piece parts sold after January 01, 2018. For complete details and warranty limitations please visit: [www.superiorairparts.com](http://www.superiorairparts.com).

\*Superior warrants that each new FAA/PMA replacement Millennium Cylinders will be free from defects in material and workmanship for thirty seven (37) months of operation from the date of first operation, or recommended TBO, whichever occurs first. Superior warrants that each new FAA/PMA replacement part/piece part will be free from defects in material and workmanship for twenty four (24) months of operation from the date of first operation, or recommended TBO, whichever occurs first.
